BETTER CROPS W

The Pocket Bo

TABLE OF CONTENTS

JANUARY 1940

So Did Lot's Wife ... *Jeff McDermid* 3
Agronomic Problems of the South ... *M. J. Funchess* 6
Better Plans Increase Income from Farm ... *T. H. Blow* 11
Oregon Beets and Celery Need Boron ... *A. G. B. Bouquet* 15
Watermelons Bring Cash to Mississippi ... *F. J. Hurst* 19
Potato Fertilization in Michigan ... *C. E. Millar* 21
Soilless Growth of Plants (A Book Review) ... 36

FEBRUARY 1940

Kidding Ourselves? ... *Jeff McDermid* 3
Balanced Fertilization for Apple Orchards ... *M. B. Davis* 6
Pasture Problems Still Unsolved ... *F. S. Prince* 11
Healthy Hunger ... *F. H. Jeter* 15
Lime Is Your G-Man to Destroy Public Enemy No. 1—Soil Acidity ... *G. D. Scarseth* 18
Lawns for the South ... *R. O. Monosmith* 20
Cotton Wilt and Root-knot Nematode ... *D. C. Neal* 36
Peruvians Pick Cotton All Year ... 40

MARCH 1940

First-Aid Squads ... *Jeff McDermid* 3
When Fertilizing, Consider Plant-food Content of Crops ... *J. D. Romaine* 6
The Hills and Valleys of Phosphate Fixation ... *G. D. Scarseth* 10
Fertilizing Tobacco for More Profit ... *J. E. Montreuil* 12
Utilizing Cut-overs in Mississippi ... *F. J. Hurst* 16
Growing Tomatoes for More Profit ... *C. H. Nissley* 20

APRIL 1940

MSS. in D. C. ... *Jeff McDermid* 3
Potash Helps Cotton Resist Wilt, Rust, and Drought ... *P. A. Young* 6
British Columbia Uses Boron for Fruit ... *H. R. McLarty* 8
Tobacco Production Benefits by Research ... *L. H. Wilson* 12
Ladino Clover "Sells" Itself ... *R. W. Donaldson* 14
Why Are Corn Belt Soils Becoming Low in Available Potash? ... *G. D. Scarseth* 17
How Shall We Fertilize Vegetable Crops? ... *V. A. Tiedjens* 19
Cottonseed Meal (A Book Review) ... 38

MAY 1940

Spring in Our Town ... *Jeff McDermid* 3
Potash Deficiency in New England ... *T. E. Odland* 6
Legumes Are Making a Grassland Possible ... *F. V. Burcalow* 10
Borax as a Control for Heart Rot of Sugar Beets ... *R. L. Cook* 12
Cotton is Improved By One-variety Plan ... *E. C. Westbrook* 17
Enough Nitrogen Everywhere Except in the Soil ... *G. D. Scarseth* 20

WTH PLANT FOOD

Bo of *Agriculture*

January 1940 to December 1940

JUNE-JULY 1940

The Soil Salute ..... *Jeff McDermid* 3
3 in 1 Fetrilization for Orchards ..... *F. W. HofMann* 6
Don't Guess Yield ..... *H. L. Garrard* 11
Conserving Soils and Their Fertility in the Northeast ..... *G. F. Brown* 14
When Are Legumes Soil-improving Crops? ..... *C. B. Williams* 19
Potash Keeps Tobacco Growing and Glowing ..... *E. R. McIntyre* 20
Potash Makes Bank Accounts ..... *L. VanDerlinden* 22
Growing Plants Without Soil (A Book Review) 33

AUGUST-SEPTEMBER 1940

Keeping Cool ..... *Jeff McDermid* 3
The Use of Fertilizers in Soil Conservation ..... *H. H. Bennett* 6
Breeding Vegetables for the South ..... *R. A. McGinty* 10
Pioneers—1939 Model ..... *K. S. Davis* 13
Permanent Pasture Treatments Compared ..... *H. B. Sprague* 17
Celery—Boston Style ..... *R. E. Young* 21
Vegetable Crops (A Book Review) 40

OCTOBER 1940

Not Tuff Enuff ..... *Jeff McDermid* 3
Swing Back to Grass ..... *E. W. Sheets* 6
Potato Growing Trends ..... *F. S. Prince* 10
Trees and the Soil ..... *E. R. Jackman* 13
Using Soil Tests for Canning Crops ..... *W. T. Ewen* 15
Master Farmers Strong on Soils & Livestock ..... *A. B. Bryan* 18
Building Better Soils ..... *A. W. Blair* 22
Legume-Grass Mixtures Best 34
Sweetpotato Research Broadens Step by Step 37
Drought Years Favored Weed Rivals of Crops 38

NOVEMBER 1940

Provisions ..... *Jeff McDermid* 3
Research in Potash Since Liebig ..... *J. W. Turrentine* 6
A Few More Good Men ..... *F. H. Jeter* 10
Taking the Road Back to Soil Fertility ..... *K. S. Davis* 13
Raw Materials for the Apple Crop ..... *J. K. Shaw* 17
Food and Feed to Share ..... *E. W. Sheets* 20
Soil Conservation (A Book Review) 35

DECEMBER 1940

Gifts and Gumption ..... *Jeff McDermid* 3
Podzols and Potash ..... *A. B. Beaumont* 6
Muscadine Grapes Respond to Potash ..... *C. H. Ragland* 9
Making Pastures Pay ..... *E. W. Sheets* 10
Onions! ..... *R. Fraser* 15
Wilt Resistance of the New Cottons ..... *D. C. Neal & H. B. Brown* 16
Tripping Alfalfa ..... *E. R. Jackman* 17
Fertilizer in Relation to Disease in Roses ..... *H. R. Rosen* 21
New Leaflet Tells Why Fruit Trees Fail to Bear 33
Land Use and Soil Erosion 37
Hydroponics (A Book Review) 38
Mowing Weeds Aids Grass 38
